

SHA-ZYME™ RTU

Urine Odor Eliminator / Digester

DESCRIPTION

SHA-ZYME™ RTU is no-rinse urine odor eliminator and digester engineered with a multi-strain bacterial system that destroys odors at their source and removes organic stains from urine. With our "signature" SHA-ZYME fragrance, this product provides long-lasting deodorization around urinals and commodes in restrooms, locker rooms and other areas where problematic urine odors exist. Spray onto tile, grout, concrete, and other porous surfaces to attack and destroy these odors. Can also be used on carpet to effectively remove urine odors from deep within carpet fibers. When used regularly, SHA-ZYME™ RTU makes troublesome restroom odors disappear!

PRODUCT BENEFITS

- Environmentally responsible / Non-flammable, biodegradable formulation contains no NPE's, no phosphates, no acids, no caustics and no solvents.
- Unique non-acid formula eliminates grease, grime, urine deposits, light mineral deposits.
- Multiple Strain Bacterial System / Improves performance in Aerobic & Anaerobic conditions and resistant to very hot water
- Utilizes stabilized natural enzymes / A natural solution to cleaning and deodorizing

DIRECTIONS FOR USE

SHAKE BEFORE USE

Urine Odor Elimination: Remove solid matter from soiled surface. Spray SHA-ZYME™ RTU on and around urinals, commodes, floors and walls where the source for urine odors exists. For Uric Acid Deposit Removal, allow SHA-ZYME™ RTU to remain on surface as long as possible while keeping it wet. Agitate area if necessary.

General Odor Control: Spray SHA-ZYME™ RTU directly onto malodor. The malodor will be neutralized instantly, and the synergized bacteria will digest the organic material to insure long term odor control.

Restroom Deodorization & Cleaning: Spray SHA-ZYME™ RTU directly into bowl or urinal then flush. Spray wall surfaces and countertops, then wipe.

Trash Chute Deodorization: Spray SHA-ZYME™ RTU into trash chute daily.

Carpet Spotting & Deodorization: Remove excess soil with carpet shampoo. Test for color fastness in an inconspicuous area. Spray SHA-ZYME™ RTU onto surface. Lay a white cloth over the area for one hour to prevent evaporation. Then clean the area using the extraction method. Repeat procedure if stain is not removed.

SPECIFICATIONS

Color	Milky white
Odor	Pleasant Fresh
pH	8.5
Viscosity (cps)	Water thin
Specific Gravity (g/cc)	1.00 ± 0.01
Density (lbs/gal).....	8.3 ± 0.1
Solubility	Complete in water
Acids	None
Caustics	None

Solvents	None
Flash Point	Non Flammable
Surface Compatibility	Safe for all water washable surfaces
Organic Spot Removal	Excellent
Organic Odor Elimination	Excellent
Grease Digestion	Excellent
Concentration of Bacteria	Over 150 billion/gal
Shelf Life	1 year in original unopened container
Storage	Keep from freezing

SAFETY INFORMATION

WARNING: CAUSES SERIOUS EYE IRRITATION. KEEP OUT OF REACH OF CHILDREN.

Precautionary statement

Prevention: Observe good industrial hygiene practices.

Response: Wash hands after handling.

Storage: Store away from incompatible materials.

Disposal: Dispose of contents/container in accordance with local authority requirements.

This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

All components are on the U.S. EPA TSCA Inventory List.

Additional safety measures:

Read the entire label and SDS before using this product, and for additional first-aid measures. SDS for this product is available on the web at www.nclonline.com

Authorized by USDA for use in federally inspected meat and poultry plants.

For Commercial and Industrial Use Only
